

PRESSURE GAUGES

These 2-1/2-in. pressure gauges feature a spiral bourdon tube and full-scale accuracy of $\pm 1.6\%$. Cases are all 304 stainless steel, and all units are glycerine filled for built-in pulsation dampening. 1/4-in. male bottom connection standard.

Flow Ezy pressure gauges are offered in 18 standard dual-scale ranges (psi and bar), from a maximum of 30 psi to 15,000 psi.

To order pressure gauges, simply state quantity and order number.

RANGE (PSIG Pressure)	ORDER NUMBER
